HOW TO USE THE RESOURCE LIBRARY

Welcome to our comprehensive Resource Library, an exclusive collection of downloadable materials designed to supplement and enhance your job search. The following information is a simple guide to help you navigate and make the most out of these dedicated resources, created just for you – our valued client.

Accessing the Library

Upon project completion you would have received a private link to the Resource Library. Save this link to your bookmarks or favorites for easy access and future reference.

Browse

Explore the categories that align with your career goals and industry. The library includes resources for the following categories:

- Interviewing
- LinkedIn
- Job Search Tips
- Professional Branding
- Miscellaneous
- Templates

Downloading Resources

To access a resource, simply click on the resource you wish to download from the list available. A PDF document will load in a separate window. Feel free to read the document from your computer screen or download it to save it to your computer or device.

All materials are printable resources for hands-on interaction and note-taking.

Best Practices

We're always making improvements here at The Resume Fix, so please be sure to check back frequently for updates and new additions to the library.
